

PENDEM SHIVASAGAR

Computer Science Engineer — B.Tech CSE

✉ shivasagar251@gmail.com ☎ +91 9182341380 🌐 [shivasagar](#)

Professional Summary:

Recent Computer Science Engineering graduate with a strong foundation in Python, SQL, Data Structures, and software development fundamentals. Skilled in developing AI-powered applications using Retrieval-Augmented Generation (RAG), LangChain, FAISS, and Streamlit. Passionate about problem-solving, learning emerging technologies, and building scalable software solutions. Seeking an entry-level Software Developer, Python Developer, AI/ML, or Data-related role to apply technical skills and contribute to innovative projects.

Education:

Malla reddy engineering college , Maisammaguda, Hyderabad <i>B.Tech in Computer Science & Engineering – 8.0 G.P.A</i>	<i>2022 – 2026</i>
Narayana Junior College , Adibatla, Hyderabad. <i>MPC (JEE- Mains) – 9.86 G.P.A</i>	<i>2020 – 2022</i>
Sri Krishnaveni High School , Godavarikhani <i>Secondary School Certificate (SSC) – GPA: 10.0</i>	<i>2020</i>

Projects:

A Knowledge-Based Recommendation System that Includes Sentiment Analysis and Deep Learning models *2025*

- Developed a recommendation system integrating deep learning models and sentiment analysis for enhanced prediction accuracy.
- Utilized Python and NLP techniques for sentiment extraction.
- Applied machine learning algorithms to personalize recommendations based on user behavior and preferences.

AI-powered Document Intelligence System

- Built an AI-powered document Q&A system using Retrieval-Augmented Generation (RAG) with FAISS and Streamlit, enabling semantic search and context-based answers from PDF documents.
-

Technical Skills:

Programming:	Python, SQL
Databases:	PostgreSQL, SQL, vector databases(pinecone)
AI and LLM Tools:	LangChain, FAISS, HuggingFace, Ollama, RAG
Data Analysis:	Pandas, NumPy, Matplotlib, Seaborn
Web Frameworks:	Streamlit
Core CS:	Data Structures and Algorithms, OOPs, DBMS
Version Control:	Git, GitHub

Certifications:

- Python programming Certification (Skilltimate)
